MOTOBATT

WITH QUADFLEX™ TECHNOLOGY

NEW! MBTZ26RHD MOTOBATT 12V AGM BATTERY

The MBTZ26RHD has been designed specifically for Heavy duty cycling such as experienced on modern day UTV vehicles where stereo systems, light bars and other additional electronics are fitted. This creates a problem with the charging system being constantly overloaded while trying to recharge the standard poor quality starting battery which is designed for a car, not a UTV. This issue is exacerbated when adding sound systems which draws a lot of amperage

- 20% More Amp Hour capacity*
- 10% More Cold Cranking Amps*
- Heavy Duty 99% Pure Lead Calcium cast grids for high strength
- More surface area per plate for superior performance and longevity
- Military grade Absorbed Glass Matt separators, vibration resistant
- Multi Terminal Design, Easy to add accessories
- Factory Activated, No Acid to fill, Simply check charge and go!
- Extremely low self discharge rate

NOCO

LITHIUM™

NEW! NOCO LITHIUM BATTERIES

5 YEAR WARRANTY

2X More Power. 10X More Starts. 5X Longer Life. The most highly-designed and engineered lithium powersport battery series ever. The NLP series is better than lead-acid powersport batteries in almost every way - no sulfation, no activation, no acid, no maintenance, and no water needed. They are designed to withstand 50,000 start cycles and 2,000 charge cycles, making them the highest performing and longest-lasting batteries for any motorcycle, ATV, UTV, PWC, scooter, or snowmobile. Five year warranty included.

	NOCO LITHIUM	LEAD-ACID
No Sulfation.	✓	✗
No Activation.	✓	✗
No Acid.	✓	✗
No Water.	✓	✗
No Maintenance.	✓	✗
Ready to Install.	✓	✗

2X MORE POWER.
10X MORE STARTS.
5X LONGER LIFE.

BETTER THAN LEAD-ACID.

SUPERIOR TECHNOLOGY.
